

Apartment Survival Kit

Living in an apartment poses unique challenges during emergencies. Limited space, shared infrastructure, and evacuation obstacles require tailored planning. This kit focuses on essential gear for urban shelter-in-place or rapid escape.

Water & Sanitation

- Water storage containers (collapsible or stackable)
- Water purification tablets or small filter
- Bucket toilet or bags for sanitation
- Toilet paper, wipes, and disinfectant

Lighting & Power

- Battery-operated or solar lanterns
- LED flashlights and spare batteries
- USB power bank and solar charger

Food & Cooking

- Non-perishable food (no-cook or canned items)
- Manual can opener and mess kit
- Portable butane or Sterno stove (ventilate well)
- Trash bags and disposable utensils

Security & Communication

- Door wedge alarms or bar lock
- Whistle and signal mirror
- Battery-powered radio (NOAA preferred)
- Phone, charger, emergency numbers list

Mobility & GoBag Access

- Pre-packed GoBag ready by the door
- Spare house and vehicle keys

- Important documents in waterproof pouch
- Cash (small bills) and photo ID

Tips & Hints:

Know multiple exit routes from your building and how to shut off utilities if needed.

Keep your supplies compact and stored in easy-to-carry bins or bags.
